Incident/Offense Narrative

that home.

When we arrived we found that the home is owned by Catherine J. Dahmer dob 10/29/04 and she was standing next to the home. We asked if we could talk to her and she invited us into her home.

Mrs. Dahmer stated that she lives in the home alone as her husband passed away in 1964.

Mrs. Dahmer stated that Jeffrey L. Dahmer is her grandson and that he had been living with her after he got out of Service. She stated that she is not sure just when he moved in but thought it was about 1980, and that he lived there for 8 or 9 years. She said that he first worked at the Blood Bank in Downtown Milwaukee and then just shortly before he moved out he got a job at Ambrosia Chocolate Co. 1133 N. 5th st., phone 2712089. after he got the job he moved to his own apt.. She stated that she does not know the address.

She stated that he is a very nice person and that he helped around the house and paid a small rent while he lived with her. He always kissed her and is very concerned about her health.

She stated that while he stays there he had a room on the second floor and only once had someone over to spend the night. She stated that she was put out that he brought someone home for the evening but Jeffrey explained that this party was very drunk and that he lived in the Chicago area and he didn't want him to drive.

She said that the party was a black male and that he sleep in the basement. The next morning Jeffrey walked this guy to the bus stop and the last she saw of the black male. See West Allis file B41-212 were the black male make a compl. that he was drugged, and money and gold chain was taken.

Mrs. Dahmer signed a consent form to allow us to search her basement and garage.

Milw. P.D. evidence Techs and Sgt. Duclge from our Dept. arrived at the scene and gathered what evidence they could. Officers cleared the scene at 1:00PM this date.

In talking further with Mrs. Dahmer she stated that her daughter is a Eunice Truel, phone 421-2247. I think if we need exact dates when Jeffrey lived with Mrs. Dahmer we should call her daughter.

"one night stands" with several males.

I asked why he killed some males and not the others. He stated, "You can't get a constant supply of sleeping pills." He also stated that of the males he did not kill he was not interested in them.

I asked Dahmer if he had killed only those males that he had feelings for, or was attracted to. He stated that it was true. I asked Dahmer if it was possible that he wanted a long lasting loving relationship with those he killed. He stated that he did but that they only wanted a one night stand and some of those he was interested in would give him a time frame. He stated that they would tell him they had to leave by a certain time and he wanted them to stay.

Dahmer stated that none of his victims were known to him. He stated that he met them on the same night that he killed them.

Dahmer was also questioned the possibility of him burying body parts or bones in the backyard of his grandmother's home. He denied doing anything with the body parts other than throwing them in the trash, with the exception of those parts found by MPD at Dahmer's apartment.

Dahmer stated that he would continue to talk with Lt. Risse and myself in the future and would help in any way he could to identify the victims.

Lt. Risse and myself then spoke with Jeffrey Dahmer about the incident with Mr. Flowers. See incident file B41-212, dated 4-4-88. Dahmer stated that he had met Flowers at a bar in Milwaukee and they did later both consent to go to Dahmer's grandmother's home in West Allis at 2357 S. 57th St.

Dahmer stated that once at the home they went into the basement and may have had sex. Dahmer stated that he recalls giving Flowers 12 sleeping pills. At the time Dahmer was being prescribed Halcion, in 5 mg. tablets. Dahmer stated he gave Flowers 12 tablets as he was a large person. Dahmer also stated that he performed oral sex on Flowers after he was drugged. He stated that he never intended to harm or kill Flowers. He wouldn't kill Flowers' as he was not attracted to him. He stated that he had many encounters with men that he never intended to harm or kill. Dahmer had put the sleeping pills in Flowers' rum and coke drink. He stated that it may have been coffee. His reasoning for drugging Flowers was that it was getting late and he was not sure if he would consent to the sex or not.

Dahmer stated that he did take \$80.00 from Flowers wallet. He stated that he may have also taken the gold chain. He stated that if he did take the chain he does not have it any longer, that he probably threw it away. He denied taking more than \$80.00 and did remember Flowers having other money in the wallet.

Dahmer stated that his grandmother did see the two of them in the basement together. Dahmer recalled her being upset over this and her telling him that Flowers had to leave as he was not allowed to have guests in the home. Dahmer stated that he walked Flowers to the bus stop at 57th and Lincoln. He stated that Flowers was still very groggy when he put him on the bus.

INCIDENT #: I9107577

Mr. Dahmer stated that Jeff became involved in drugs and alcohol while he was in Jr. High School. He never drank at home or used drugs that he knew of but he did find a pot pipe in his room.

In 1978 he attended Ohio State but didn't do well. Mr. Dahmer stated that drinking was his down fall and Jeff's grades just went down hill. Jeff's attitude was that he just didn't care about school. He was in school for just two quarters and dropped out.

Jeff returned to Mr. Dahmer's home and was very good about working around the house but didn't have a job and didn't care about working. He did drink when ever he got some money.

Because Jeff had no direction to his life he talked Jeff into joining the Army. He was stationed in Alabama for basic training and also training to become an M.P.. He didn't like being an M.P. so he was sent to Texas for Medic training. after his training he was sent to Germany. He was discharged from the Army under a General Discharge because of his drinking. Mr. Dahmer stated that he and Jeff were in touch with each other the whole time and never did he mention a girl friend or even a date. Jeff was discharged in 1981.

Jeff never came home but went to live in Miami Florida. He lived on the beach and worked at a fast food store. He lived there for about one year. He was drinking and really going down hill. His wife and Jeff's step-mother called him and talked him into moving back with them.

During the time he was living with them Jeff took items and money and when they found out about it they told him that he would have to leave. At that time he moved to Milw. and lived with his grandmother.

During this time he had contact with Jeff. He said that Jeff didn't work for sometime but helped around the house. He then got a job at the Milw. Blood Bank on Wisc. ave.. He was there for most of the time he lived with his grandmother. He then got a job at Ambrosia Chocolate Co.

It was near the time that he moved out of his grandmother's house that Mr. Dahmer said he received a call from his mother that there was a bad smell in the garage. He spoke to Jeff and asked what the smell was. At first he said that he got a chicken from the food store in the neighborhood and cut it up. He then placed it in bleach and some of it is Muriatic Acid. Mr. Dahmer stated that he didn't believe what he was hearing and told Jeff so. Jeff then changed his story and said that he was on a City Bus and saw a road kill. He thinks that Jeff said it was a raccoon. Jeff got off the bus and picked it up. He put it in a bag and brought it home. It was the raccoon that he cut up and put some in bleach and some in the Muriatic acid.

Mr. Dahmer said that he thought something was wrong and a couple of weeks later he went to visit his mother. He checked the garage and couldn't smell anything but did find a dark substance on the floor. It was dark and was jelly in nature. He didn't think too much about it and just forgot the incident.

It was not long after that, that he got a phone call that his son had gotten trouble about taking pictures of young kids and was sent to jail.

When his family found out about it his other son, David stated that he wasn't going to tell but when his son Jeff was about 12 years of age he and a neighbor boy went into a playhouse on their property and performed sexual acts on each other. This went on for several years.

The officers than asked Mr. Dahmer what Jeff's home life was like. Mr. Dahmer stated that his first wife had mental problems from 1970 through 1978 when they were divorced.

After the divorce Jeff and David lived in the family home. Right after the divorce his wife left the State with David and left Jeff in the house alone. The mother has a good relationship with David but has contacted Jeff just a few times since the divorce.

07-28-91, Det. Novak reports: Anthony L. Sears' name appeared on our computer files with a "contact" date of 04-01-89. An Antonette Andino had contacted WAPD asking that we check on the welfare of Sears at 2363 S. 55th St. in West Allis. Our records also showed that Officers Holmes, Ball and Navarrette investigated the call for service.

I contacted Off. Homes who stated that he recalled the complainant coming into the station and asking for assistance in checking a home to locate a party. Holmes stated that he and assisting officers followed the complainant to the home which was pointed out to them. Officers Holmes reported finding the home unlocked and vacant. He stated that officers entered the home and after searching same were UTL. Off. Holmes also stated that the home was in the process of being remodeled and did not appear to have anyone living in same.

Lt. Risse and I went to the new address of Antonette Andino at 102 W. Concordia, Milw., and spoke with her grandmother who stated that she would not be home until later this evening. We informed her that we would stop back at the home on 7-29-91, at 10:00AM.

Lt. Risse and I also stopped at the home of Anthony Sears' mother, Marilyn Sears, at 3016 W. St. Paul Ave., Milw, #344-7126, but found that there was no answer at the door.

At 2:00PM, Lt. Risse and I stopped at the Ambassador Motel, 2308 W. Wisconsin Ave., and spoke with the manager, Richard Scott. He was informed that we were requesting registration records from Nov. of 1985. (This being in reference to the party slain by Dahmer at the motel and later dismembered in West Allis at his grandmothers home.) The manager stated that the motel had changed owners in 1984 and but that this owner lost the motel and filed bankruptcy in 1989. He stated that they do not have any of the records for the time we requested.

The manager gave us the name of the atty handling the bankruptcy proceeding for the previous owners of the Ambassador. He was id'ed as Lewis R. Jones #271-7108.

Incident/Offense Narrative

Lt. Miller.....Monday 7/29/91 1840hrs;

On the above time and date, MARIO H. AVILA M/W [redacted] of 2064 S 5th Pl. Milwaukee, phone [redacted] came to the station. Mario is a private investigator MILW. Lic. 6468 that was hired by the RICHARD GUERRRERO family in March of 1988 after his disappearance.

He states that RICHARD NMI GUERRRERO m/w [redacted] of 3332 N. 1st St. [redacted] was reported missing by his family in March of 1988. He began working on the case on March 24th 1988. According to the family Richard left the home indicating that he no longer wished any harm on his family. They have not seen him since that time.

The family ran his picture in the Milwaukee Sentinel and the Spanish Journal in a Missing Persons column just a short time after he was missing. Mr. Avila, who is a friend of the family, states that Richard knew the streets and was mixed up with one of the gangs on the east side and that he hung around places on the south side of town. States that he has talked to several gang members etc. but has come to a dead end each time.

he turned over to our department a photo of Richard that was taken in 1988 and is the last photo the family has of their son....They request that the photo be returned to his office when and if our department no longer needs it.

Mr. Avila also states that his office is available to our department for any type of language translation should we run into any language barriers in our investigation. He also asked that as a friend of the family that he be notified if foul play was involved so that he can be with the family when they are given the bad news.

Enclosed with this report is the photo taken in 1988, a mug shot from Milw. Sheriff Dept. and a criminal history check.

Lt. Risse reports,

On 7/29/91 at 1:00PM myself and Det. Novak went to the home of the mother of Anthony Sears, Marilyn Sears, 3016 St. Paul, phone 344-7126. She could not give us any information on this case. She just stated that she thought he must have been induced into going to Dahmer's grandmother's house. She stated that Anthony was planning to be a model and Dahmer may have said something about being with a modeling agent.

I asked her about a statement she made about when the news flashed a picture of the Dahmer home she knew that Anthony had been there. She stated that something told her that he had been there. No other reason but just a feeling.

I then spoke to Antoinette NMI Andino DOB 9/11/65 of 102 W. Concordia ave., phone 354-3308. She stated that she grew-up with Anthony as she was a foster child in the Sears home.

She said that she last saw Anthony on the date before Easter in 1988. She said that he did go to the night spots on S. 2nd st and W. National ave.. She said that she did not feel that Anthony was Homosexual, but just hung around with some of the people that liked to go there.

She said that after a couple of days and Anthony didn't show up at home she became concerned. She checked with some of Anthony's friends and learned that he left in the auto of Jeff Connor. She was able to contact Connor and Connor stated that he took Anthony and a white male to 57th and W. Lincoln ave. She stated that Conner and Anthony and Anthony were good friends for a long time.

Antoinette stated that she talked Connor into driving her to the area were he dropped off Anthony and this white male. They went to S. 55th st. and Connor pointed out a home at 2363 as the home that Anthony and the white male went into. She stated that they got out of the auto and looked in the window but saw the neighbors looking out their windows. She said that she told Connor they better go to the police as a black party looking into the windows of homes in a white neighbor might get them into trouble. They then went to the West Allis Police Dept..

The Police went with them to the home and found the door was unlocked. They (the police) went into the house and a short time later they came out and told them that there was no one in the house and the house was under construction. They all left the area.

It is believed that Anthony Sears was killed on Easter Sunday of 1989. Richard Guerrero was killed in March of 1988. The party tentatively Idled as Doxator was killed in January of 1988. Milwaukee PD also had a party tentatively Id'ed as Steven Toumi, who was reported missing in Nov. of 1987. It is believed at this time that he may be the M/W, that was killed at the Ambassador Hotel in Milw., and later transported to WA and dismembered.

Milwaukee PD is working at this time to confirm the missings as homicide victims.

On 7-30-91, at 3:35PM, Lt. Risse and myself spoke with Jeffrey Dahmer at the Milwaukee PD. Also present at the time was Det. Kennedy with MPD, and Dahmer's attorney, Wendy A. Patrickus. Dahmer and his atty were informed that we wanted to clarify and confirm some of his previously mentioned statements.

Dahmer emphatically denied that any bones or body remains were left at his grandmothers home at 2357 S. 57th St. He stated further that after he dismembered each victim he threw away their clothing as well as the knives he may have used. Dahmer also stated that once the bodies were dismembered he put them in trash bags and placed them in the garage until the trash was picked up on Monday.

Dahmer was then asked specifically about the Anthony Sears homicide. He stated that while he did often offer victims money as an incentive to come back to his home or apt., he did not recall having had to make any monetary offer to Sears. Dahmer stated, referring to Sears; "He almost asked me to go back." He stated that he met him at closing time at the LaCage bar in Milw. He again stated that is was Sears' friend that gave them the ride to Dahmer's grandmother's home in West Allis. Dahmer stated that he never met Sears or his friend prior to that night.

Dahmer stated that once Sears' friend (Connor) had dropped them off on W. Lincoln Ave., they walked to the grandmothers home. Dahmer stated that he was not sure if Conner watched them walk to the home or just drove off.

Dahmer also stated that Sears had performed oral sex on him while riding back to WA from LaCage bar. Both were in the back seat at the time. He stated that later in the evening he performed oral sex with Sears.

had been good friends with Anthony Sears for two years. He also lived with him for three months.

On the night prior to Sears' disappearance he had gone to LaCage bar in Milw with him. Connor had driven Sears to the bar in his 1975 Oldsmobile Delta 88, 2 dr. convertible. Once at the bar they separated and each was off on their own. Later in evening, approximately one-half hour prior to bar closing, 2:00AM, Sears told Connor that he met someone that he wanted to party with. This party was Jeffrey Dahmer. Connor stated that Sears had "done this in the past" so Connor did not find it unusual.

Connor stated that Sears also asked him if he could give them both (Sears & Dahmer) a ride to the home in West Allis. At bar closing, 2:20AM, Connor met both Sears and Conner in the parking lot. Conner stated that Sears and Dahmer got into the back seat and he drove. Also in the auto at the time was a friend of Conner's, Bob Kuehl, 31 yrs., of Waukesha, employed at a metal fabricating company on Capital Ave., possible in Pewaukee. Kuehl rode in the front passenger seat of Conner's auto.

Conner stated that when they all got into the auto Dahmer told Sears that he lived off of 52 & Lincoln. Conner stated that he was unaware of any sexual activity taking place in the back seat of his auto as Dahmer stated. He stated that type of conduct (oral sex) in the presence of others would be uncharacteristic of Sears.

Conner stated that he recalled making a U turn on W. Lincoln Ave. and dropping both Dahmer and Sears off directly across the street from a nursery. WA directory lists Neumanns Nursery at 5520 W. Lincoln Ave. Conner stated that he watched the two walk southbound from Lincoln Ave., approximately six homes away.

Conner stated that Dahmer appeared to be a nice person from what he could tell of his brief encounter with him in the auto.

Conner also stated that he never knew Dahmer's first or last name at the time when he drove him back to West Allis. He stated that a few days after the incident he had shown Sears' foster sister, (Antonette Andino) the street where he dropped off Sears.

08-01-91, Det. Novak reports: Called and spoke with Atty Gerald Boyle regarding the consensual search of Catherine Dahmer's auto. He stated that he is not actually representing her. He stated that with respect to his client, Jeffrey, he would not have a problem with us searching his grandmothers auto as long as she gave consent. He also stated that he does have a personal concern for Catherine Dahmer's sensitivity as well as that of the family. He stated that he had a private investigator with Catherine Dahmer and will confer with her regarding the possibility of us searching the auto.

At 3:30PM I met with Angela Kvidera a private investigator retained by Gerald Boyle, at Auto Body Specialist, 6824 W. Mitchell St. We spoke with the owner of the shop who stated that the auto was brought into the shop the day prior to the arrest of Jeffrey Dahmer, Monday, 7-22-91. The auto was damaged due to an accident Mrs. Dahmer had recently. Catherine Dahmer's auto was a 1980 Chevrolet Malibu, 2dr., light blue in color.

Flowers stated that on either Friday or Saturday night, 4-1-88 or 4-2-88, he was at the 219 Club at 219 S. 2nd St. in Milwaukee. He stated that he was outside of the bar at closing time using the pay phone as he was attempting to contact someone due to his auto not starting. He stated that Dahmer approached him, possibly sensing he was having problems. Flowers told Dahmer his car was broke down and that he could not get hold of his friends.

Flowers stated that he told Dahmer he was from Illinois, and that he could not call his parents in Racine as he did not want them to know he was at the bars frequented by gays. Dahmer stated to Flowers that he had an auto at his home and that they could share a taxi to West Allis and return to the bars and jump start the Flowers auto.

Flowers stated specifically to Dahmer that they would go back and get his auto started and that's all that they would do. Dahmer replied back, "Fine no problem."

Flowers stated that the taxi did arrive and the two rode out to West Allis. Flowers stated that Dahmer appeared more and more nervous the closer he got to his home. He stated that he found that his underwear was turned inside out. He also noticed that he had neck bruises on each side of his neck, approximately 2" circular. At 7:00PM Debra Vega called the West Allis Police Dept. and spoke with Lt. Noll. She stated that she works at the Greater Tampa Bay Auto Auction, of Hwy 41 on S. 58th St., phone # of 1-813-247-1566. She was informed that her son has not been positively identified by Dahmer as being a victim. We requested any additional photos she may have of her son.

Vega did state that her son had a scar on his right wrist, where he had stitches. He also had a small scar over the right eyebrow, and a very light scar down the left side of his face where he was cut with a knife. She described this as being a light hairline scar.

Vega also stated that she had dental records at the Oneida tribe where he had his teeth knocked out and had dental work done. She further stated that her son had an ID photo taken when he was 13 years old at school. She stated that he was going to school in the area of 13th and Lincoln.

08-08-91, Det. Novak reports. I contacted the Milwaukee Public School Administration, #475-0033, and spoke with a head secretary, identified as Diane. She was informed that we were requesting information, specifically school photos on James Doxtator. She stated that their records did confirm that he was a student at Kosciuszko Middle School, located at 971 W. Windlake Ave., from May of 1987 to Oct. of 1987. He was then transferred to Hayes Alternative School, at 2431 S. 18th St. She stated it may be possible that Doxtator's photo may be in a yearbook. She stated that will attempt to do the best she can in helping us.

I contacted Doxtator's relatives in Green Bay and spoke with a Delvin Doxtator. He was informed that we need the photo of James Doxtator which they have. He was informed that we need that photo as soon as possible. He stated that he would give Edna the message to have the photo mailed right away. I later attempted to call the home again, at 4:40PM, to confirm the photo was in the mail. I found no answer at the home.

At 1:15PM, I received a call from Debra Vega. She was informed of where we stand in this file. She stated that her son, James Doxtator, had an appendectomy when he was four years old and had a vertical scar on his right side of his naval. She also stated that he may have a tattoo of a cross on his arm, unaware of which arm. She stated that she recalled her son telling her that he was starting one but that it did not work out. She also stated that her son did have a slight mustache at the time of his disappearance. She added that he did look older that 14 years.

She stated that when she last saw her son he was wearing faded burgundy jeans with suspenders. He would not fasten the suspenders but just let them hang down. He was wearing a black printed sweater with a triangular print, possibly G-metric, with white, yellow and red colors. He also wore a tweed cap, similar to a golfers cap.

Vega stated that her son, James Doxtator, had told her some time prior to his disappearing that he was going to run away but that it was because of his step-father and not because of her. He also told her that if he did run away he would stay in touch with her, which he never did. She also stated that on prior occasions, when her son did run away, he would take photos of his brothers and sisters, which he did not do when she last saw him.

Edna stated that she had checked with several relatives and found that only her sister, Alphidine Doxtator, 1-432-7824, may have a photo of James. She will be home after 5:00PM on this date.

I also attempted to contact James Doxtator's mother, Debra Vega, at her place of employment but found no answer.

Later I was able to contact Debra Vega through the Red Gables Bar, after talking with the manager. I informed Debra where we were in the identity investigation. She stated that she had mailed the full figure photo of her son, James, to us on Thursday night by first class US mail.

She also stated that her son had his two front teeth knocked out and he had two implants put in. She stated that one of the implants was placed in crooked.

I informed her once we received the photo of her son we would again attempt to speak with Jeffrey Dahmer. She was informed that the police were only as certain about the last victims identify as the certainty that Dahmer had informed us of. Which, at this time, is not positively conclusive.

At approximately 10:30AM, our department received dental x-rays from the Oneida Dental Clinic in Oneida Wis. The X-rays were for James Doxtator.

At 11:00PM, I met with Lt. Mueller of the Milwaukee Police Dept. He was given a copy of our updated files. He stated that they had received the photo of James Doxtator from Edna Doxtator. This photo is approximately two years older than the MPD B of I photo taken of Doxtator in September of 1987.

She stated that she has been in contact with personnel from Kosciuszko Middle School and found that they do not have any photos of James Doxtator. She stated that she is still attempting to contact personnel from Hayes Alternative School. At this time she is having some difficulty, but will continue in her attempts to locate a school photo if one does exist.

08-14-91, Det. Novak reports: Attempted to contact Alphidine Doxtator and found that she was not at home. I called and spoke with Mildred Doxtator, #1-432-8734, who stated that she and Alphidine had mailed the photos to our department on Sunday night, 8-11-91, by first class U.S. mail.

I also spoke with Edna Doxtator who stated that a Green Bay news station, channel #11, #494-8711, had been calling the family and they also had a photo of James E. Doxtator. Channel #6, WITI, had shown a family gathering photo which included James Doxtator on their 10:00PM broadcast on 8-13-91. WITI is associated with MBAY TV in Green Bay. Both Green Bay stations ran the same photo on their broadcast.

I later called back and spoke with a Julie Buehler, of channel #11, Green Bay, who stated that a Jay Johnson, reporter for Channel 11, had done the Doxtator story. He had video taped the photograph which is still with a Rena Hill, a neighbor of Mildred Doxtator. This photograph appeared to have been taken when James Doxtator was ten or eleven years old.

I later called St. Joseph's Hospital and Milwaukee Co. Medical Hospital. Both hospitals stated that they do have James Doxtator on file but that they do not have the medical records as his treatment must have been several years ago.

At 1:35PM, I called and spoke with James Doxtator's mother, Debra Vega. She reconfirmed that the photo was mailed on Thursday night to us. She stated that she her son was at St. Joseph's Hospital when he was three as he had a speech defect. He also was treated at MCMC when he was seven as he was being treated for an eye injury. Incident/Offense Narrative

On 08-15-91, I met with Asst. DA Greg O'Meara regarding a subpoena request for medical records from St. Josephs Hospital at 5000 W. Chambers. We later met with Circuit Judge Patricia McMahn and a subpoena was obtained.

08-16-91, Det. Novak reports: The medical records for James Doxtator were obtained from St. Josephs Hospital. His date of admission was 05-09-77. He was admitted with an injury to his left arm. The final diagnosis was that Doxtator had a sprained left wrist. There was also a second admission to the hospital on 6-6-77, in which the record reflects that Doxtator had stitches to his forehead and right arm.

At approximately 10:00AM, Lt. Risse, and myself along with MPD Det. Murphy, spoke with Jeffrey Dahmer, in the company of his Attorney Scott Hanson. Dahmer agreed to speak with us, and had made a previous request to speak with Det. Murphy the day prior.

Dahmer was informed that we wanted to speak with and attempt to confirm the identity of the last victim. He stated that every day he had been thinking about ways he could help us identify the victim. He stated that he wanted to do this to assist us and to make it easier on the families. Dahmer stated that he did recall his victim having a slight mustache, and the appendectomy scar on his stomach. He further stated that when he had first viewed the four photo array which included the photo of Doxtator something clicked with him. He stated that he was unsure of making a positive identity at the time as he recalled the victim looking older. He stated that he is now 75% sure of the identification based on the photograph.

Dahmer also stated, referring to the photograph, "He is the closest I've seen." Regarding the identify of Doxtator as the last victim Dahmer stated, "We should go with him," and "He's probably the one," and also later stated, "I'm sure he's the one." He added that the victim was as tall he was. Dahmer is six feet tall.

Dahmer also stated that when he met Doxtator at the bus stop in Milwaukee he recalled his saying that he was just coming from a cousins home where he was visiting.

Dahmer also stated that when he dismembered Doxtator he seen to recall that one of his kidneys was missing, possibly his right one.

Dahmer also stated that he now recalled two very distinct small circular type scars, both above each nipple. He stated that the scars were the approximately diameter of a cigarette end. When asked if it could have been at all possible that the scars were inflicted with a lit cigarette he stated that it was possible.

He was asked why he killed Doxtator he stated, "I wanted to keep him." He added that Doxtator told him he wanted to leave and he did not want him to go. When asked when exactly he formed the intent to kill Doxtator he stated, "Morning time."

He also stated that all body parts and clothing were disposed of and he emphatically denied having buried Doxtator or any of the victims killed in West Allis at his grandmothers home.

Incident/Offense Narrative

At 2:30PM, I contacted James E. Doxtator's mother, Debra Vega, in Florida. I informed her that we had spoken with Dahmer earlier in the day. She stated that whenever her son met a stranger he would tell them that his friends were his cousins or tell them that his cousins were in the area. She stated that he did this to let the strangers know that he had family in the area. He usually did this if he did not trust the stranger.

She was informed that Dahmer had told us that the victim had mentioned his cousins to him.

I also informed Debra Vega that Dahmer had told us that his victim had two small circular scars, one above each nipple. She was informed of the description as given to us by Dahmer. When I mentioned these scars to Debra Vega there was a silent pause on her end. She then told me that her son, James E. Doxtator had the exact same described scars, one above each nipple. She stated that her has had fallen off his bike when he was young. She stated that the scars were faint but very unusual. She stated that her son once told her, referring to the scars about the nipples, "It looks like I have four nipples."

Debra stated that her son was sexually molested when he was seven years old by an adult male. She stated that his step-father, Juan Vega, used to tease him and call James Doxtator a "homo." She stated that to her knowledge her son was not homosexual.

I informed Debra Vega that due to the multitude of identifying factors relative to her son we are concluding that Jeffrey Dahmer had killed James in January of 1988. I informed Debra of all of the factors which led us to positively conclude our identification. She was also informed that in approximately two hours a press release would be given concerning the above identification. She was inform to call me if she had any questions or we could do anything for her.

At approximately 3:30PM, Lt. Risse and I returned to the Milwaukee Police Department and spoke with Asst. DA Carol White. She stated that with respect to the above information she will review all outstanding case files with Milw. Co. District Attorney E. Michael McCann, over the weekend. She further requested that we have all police reports prepared by Monday, 8-19-91, for her office's review.

At approximately 4:30PM, a press release regarding the identity of the last unknown victim was released by Deputy Chief Robert Due.

I attempted several times, without success, to contact James Doxtator's Aunts living in Green Bay. At 6:40PM I was able to contact Mildred Doxtator. She was informed of our findings. She was also asked about the circular scars above the nipples. She also gave the same descriptive statement, regarding the scars as did Debra Vega and Jeffrey Dahmer. Mildred Doxtator stated that when James was eleven or twelve years old he fell off his bike causing the scars above each nipple.

She was asked about if she was ever aware of the possibility of James Doxtator losing a kidney or being born without a kidney. She stated that she was unaware of this possibility.

Incident/Offense Narrative

08/19/91. Det. Novak reports: At 10:00AM I contacted James Doxtator's mother, Debra Vega. She stated that her son was right handed and was also circumcised. Dahmer had informed us of the above. Vega was asked if her son was missing a kidney. She stated that she was just informed that he was missing a kidney from birth.

Vega stated that Alphidine Doxtator had spoken with her on Friday, 8-16-91. She stated that she thinks one of Jamies' doctors confirmed that a kidney was missing. She was not sure which doctor however.

I attempted to contact Alphidine and found not answer at her home. I was also unable to contact and other relatives in Green Bay.

At 11:00AM, I spoke with a Doctor A.A. Cantwell, who had performed an appendectomy on James Doxtator in 1977. He reviewed the medical records and stated that there was nothing in the records to indicate a kidney was missing. He stated that X-rays were not necessary prior to the operation. He also stated that it was possible that an appendectomy was performed without it being discovered that a kidney was missing.

At 3:00PM, I spoke with Alphidine Doxtator who stated that she had spoken to Debra Vega on Friday, 8-16-91, about the possibility Jamie was missing a kidney. She stated that she had never spoken to a doctor or confirmed this.

I then called Debra Vega back. Vega stated that Alphidine had told her that she had done some checking and found that Jamie was missing a kidney. She stated that Alphidine never told her where she got the information from. It appears that Vega assumed that Alphidine received the information from a doctor.

08/20/91, Det. Novak reports: Call and spoke with Debra Vega who stated that her son did visit the Stockridge Clinic in Shawano when he was four years old. I contacted the clinic, #1-715-793-4144, and spoke with the director, David Besaw, who requested a subpoena or parental consent prior to the contents of the record being released. Debra Vega did later fax the consent to the clinic. I later spoke with Dr. Dalve of the Stockridge Clinic. He stated that there was nothing in their medical records to reflect a missing kidney, nor were there any X-rays taken on the patient James E. Doxtator.

Dr. Dalve stated that their medical records do show that in 1977, James Doxtator's left testicle had not descended. The record did not reflect this in 1982 however. Dr. Dalve stated that the testicle usually would not have descended on its own and he may have had surgery to correct this problem, leaving a surgical scar.

Dr. Dalve also suggested that we contact an additional medical facility, the Menomonee Clinic, #1-715-799-3361. The did not have James Doxtator as a patient.

At 10:40AM, Mildred Doxtator called. She stated that James Doxtator was may have been a patient at the Langlade Memorial Hospital in Antigo. She was unaware of any other medical facilities James may have been treated at.

Incident/Offense Narrative

INCIDENT #: B41212

While waiting for the taxi to arrive Dahmer told Flowers that he was from Milw. but grew up in Ohio.

He also told him that he did not get along with his parents, and mentioned that his mother or father was living in California. When Flowers told him about his job and how he enjoyed it, Dahmer replied that it must be nice doing something that you like. He then told Flowers that he worked at a factory doing electrical work. Flowers stated that Dahmer gave him the impression that he had problems in life. He stated that Dahmer's looks conveyed this to him.

Dahmer told Flowers that he did not want the lights or noise of the cab to wake up his grandmother. Flowers stated that they arrived at the home in West Allis and he noticed that there were no vehicles anywhere around. Dahmer entered the home and reset the alarm system. Flowers stated that once they entered the kitchen of the home he heard someone say from the other room, "Is that you Jeff?" Dahmer replied back that he was making himself some coffee. Flowers stated that he thought it was unusual that he would say "myself" when he was with him.

Flowers stated that Dahmer's behavior was escalated and he seems more nervous, to the point of visibly shaking. Flowers stated that he kept egging Dahmer on, telling him that he had to get going. Dahmer offered him the coffee and Flowers stated that he drank it fast so that they could go back and start his auto. He stated that immediately after drinking the coffee he became dizzy and recalled thinking that Dahmer put something in his coffee. He stated that he recalled putting his head down and the next thing he recalled was waking up at Milw. Co. General Hospital.

He stated that the nurses at County Hospital told him that when he was admitted he couldn't remember his name or anything else. Flowers stated that when he checked out of the hospital he went to the West Allis Police Dept. to report this.

Flowers stated that he did recall someone at the hospital telling him that he was found in a field or park and brought to the hospital. Flowers stated that he had an injury similar to rug burns on his right temple, and hurt all over. He stated that he went back to Racine where his parents lived and around 2:00AM took a shower. He stated that he found that his underwear was turned inside out. He also noticed that he had neck bruises on each side of his neck, approximately 2" circular. He also stated that he had a thin marking around his entire neck. He agreed that the think line marking may have been caused by Dahmer ripping the necklace off of his neck. Flowers also stated that his right hip had scratches or rug burns on it.

Flowers also found that his bracelet and necklace were stolen, as well as \$200.00 that was in his wallet, and additional cash in his front pants pocket.

Flowers stated that he would appear as a witness if necessary in the event the cases went to trial.

He also stated that he had a thin marking around his entire neck. He agreed that the thin line marking may have been caused by Dahmer ripping the neckline off of his neck. Flowers also stated that his right hip had scratches or rug burns on it.

Flowers also found that his bracelet and necklace were stolen, as well as \$200.00 that was in his wallet, and additional cash in his front pants pocket.

Flowers stated that he would appear as a witness in the event the cases went to trial.

Incident/Offense Narrative

08-16-91, Det. Novak reports: At approximately 10:00AM, Lt. Risse and myself spoke with Jeffrey Dahmer at the Milwaukee Police Department. Also present was Det. Dennis Murphy, MPT, and Dahmer's Attorney, Scott Hanson. Prior to asking Dahmer any questions I informed Atty. Hanson briefly of the information in this file. Atty. Hanson asked that we allow him to first speak briefly with his client privately. A few minutes later, Atty. Hanson stated that he had informed his client, Jeffrey Dahmer, not to make a statement regarding this file. He added that Dahmer was discounting his advise and wanted to speak with us.

Dahmer stated that he had met Flowers outside of the 219 Club and they had returned to his grandmother's home in West Allis. He stated that they may have been in the kitchen with Flowers, but that it wasn't for long. He stated that they soon moved to the basement, as Dahmer did not want to wake his grandmother up. He stated that he thinks that they had light consensual sex in the basement. This consisted of light body rubbing. He stated that approximately one-half hour later he gave Flowers approximately 12 of the .5mg tablets of Halcion. He stated that the recommended prescribed dosage for himself was one of the tablets. He stated that he gave Flowers the heavy dosage as he was a very big man. The tablets were given in coffee, without the consent or knowledge of Flowers.

Dahmer stated that soon after Flowers was unconscious and remained that way from approximately 4:00AM until 7:00AM. I asked Dahmer if he had performed oral sex on Flowers while he was unconscious. He replied that it was possibly but that he was not certain. He stated that he did pull Flowers' pants down but could not recall taking his pants or underwear off completely. He stated that it was possible but he could not recall specifically. Dahmer stated that while Flowers was unconscious he laid next to him on a blanket on the basement floor.

He stated that around 7:00AM, on a Sunday morning, his grandmother came down the basement and yelled at him about having a guest in the home. He stated that he then woke up Flowers and put his shirt on. He stated that Flowers had removed it earlier in the night when they were in the basement.

Dahmer stated that he did take \$80.00 from Flowers which he removed from his wallet. He stated that he did not intentionally take his jewelry but that it may have fallen off. He stated that if he did find it he probably threw it away.

Dahmer also stated that approximately 7:00AM he walked Flowers to the bus stop at 5th & Lincoln and this was the last he saw of him.

Dahmer stated that he didn't have any specific pharmaceutical knowledge about the drug halcion and its lasting effects or duration it remains in ones system.

Dahmer was asked why he did not kill Flowers like all the rest. He stated that Flowers was too big, not his type, and it would have created too much noise.

Homicide investigation of Jeffrey Dahmer

On Friday July 26, 1991 members of our department attended a meeting with representatives from the Milwaukee Police Dept. It was at this meeting that we were informed that Jeffrey Dahmer committed possibly three murders in our city.

Detectives from our department had their first occasion to talk to Jeffrey Dahmer this past Friday.

One of the victims murdered at his grandmothers home, was picked up by him in January of 1985 or 1986 when he was leaving a tavern in Milwaukee. He described this party as being a Hispanic male 16 to 18 yrs. old, 6ft. 150 lbs., slim build, having short dark hair and being clean shaven. Said that he recalled this party saying he lived in the area of 18th and National ave.

Two months after this homicide, another victim was picked up at a tavern in Milwaukee. This being in March of 1985 or 1986. Party is described as being a Hispanic Male, approximately 21 yrs. old, 5 Ft. 10 In. 140 lbs., with short black hair. This party never mentioned to Mr. Dahmer where he had lived.

The third victim was murdered in 1989 the day before Easter at the West Allis home. This party was identified as being that of Anthony Sears.

Relatives of the Dahmer family have been very cooperative with our department and other law enforcement agencies. Our department has recovered some evidence for the home on 57th Street through a consensual search of the home. This evidence has been turned over to Milwaukee P. D. We hope this cooperation continues and that the news media extends the same courtesy to the family.

We will be seeking charges with the District Attorneys office at the appropriate time in regards to the Anthony Sears Homicide.

As soon as the identities of the other individuals becomes available to us, we will contact their next of kin and then notify you. As for now, we have no further information to be released.

Persons with information regarding the two above victims should contact the West Allis Police Dept. at 476-7531 Ext. 564. This is our Crime Information Bureau.

INTER-OFFICE REPORT

Date: August 16, 1991
To: Milwaukee P.D.
From: Lt. Robert Miller
Subject: News Release

Positive identification that the 17th victim in the Jeffrey Dahmer murders is a 14 yr old American Indian male by the name of James or Jamie R. Doxtator who formerly lived in the area of 10th and Pierce in the city of Milwaukee. He was reported missing in January of 1988 by his mother to the Milwaukee Police Department.

Doxtator was murdered at Dahmer's grandmother's home in West Allis on or about January 18, 1988. There is no remaining physical evidence available to make a positive identification of the victim.

Identification was determined from interviews with Dahmer who was able to identify the victim from a picture line up and, to our satisfaction, has been able to accurately describe prior surgery scars from this victim's body, along with being able to provide a reasonably accurate location of where this victim lived.

The other victims who were murdered at the grandmother's home have already been identified as being Richard Guerrero and Anthony Sears.
