A POSITIVE DRUG SCREEN MAY INDICATE THE PRESENCE OF PARENT DRUG AND/OR METABOLITE OR METABOLITES ALONE. A POSITIVE DRUG SCREEN FINDING IS SUGGESTIVE OF THE PRESENCE OF THE DRUGS. THERE MAY BE INSTANCES OF INTERFERING COMPOUNDS OR COMBINATIONS THAT REACT SIMILARLY TO KNOWN DRUGS. THIS RESULT HAS NOT BEEN CONFIRMED BY AN INDEPENDENT, SUITABLY SELECTIVE METHOD AND MAY BE SUBJECT TO CHALLENGE.

TO THE EMPLOYER: THIS INFORMATION CANNOT BE RE-RELEASED WITHOUT THE SPECIFIC CONSENT OF THE EMPLOYEE. A GENERAL AUTHORIZATION IS NOT SUFFICIENT FOR THIS PURPOSE.

CERTIFYING SCIENTIST: MANOK KIM, PHD.

PROHIBITION OF REDISCLOSURE OF INFORMATION CONCERNING CLIENT IN ALCOHOL OR DRUG ABUSE TREATMENT

This notice accompanies disclosure of information concerning a client in alcohol/drug abuse treatment. This information was disclosed to you from records maintained by the treatment center in accordance with the Federal rules or other applicable law, unless otherwise indicated by the client or the person to whom it pertains or by a court order. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal rules restrict any use of the information to a criminal investigation or prosecution of any alcohol or drug abuse offense.

Robert F. Sego MD

REVIEWED WITH PATIENT

September 18, 1990

Dahmer's drug test comes
back positive for
amphetamines

A result for amphetamine could have been a false positive or the result of a decongestant – given that Dahmer was prone to bouts of hayfever.

Notably, he attributed both positive results to Halcion, despite the latter test not detecting benzodiazepines.

PROHIBITION OF REDISCLOSURE OF INFORMATION CONCERNING CLIENT IN ALCOHOL OR DRUG ABUSE TREATMENT

This notice accompanies a disclosure of information concerning a client in alcohol/ drug abuse treatment. This information has been provided to you under the provisions of Federal regulations (42 CFR Part 2). The Federal rules prohibit the disclosure of this information to any person who is not a provider of alcohol/ drug abuse treatment, without the consent of the client or your institution or an authorized person as defined in 42 CFR Part 2. This information for the purpose of medical or other information is NOT sufficient for this purpose. The Federal rules restrict any use of the information to criminally investigate or prosecute any alcohol or drug abuse patient.
